

THE *Jergens* DIFFERENCE

Handles, Knobs, and Handwheels

OURS

We stock a wide selection — we are one source for all your needs.

THEIRS

Many competitors limit their offering and their available stock.

JERGENS HANDLES, KNOBS, AND HANDWHEELS VS. COMPETITORS' OFFERINGS

Many standard items are available for immediate delivery.

Many carry no inventory — parts are built only when order is placed, increasing lead times.

Jergens will modify stocked standards to include center bores, keyways, and more to meet your needs.

If you want a modification, you will have to do it yourself.

No minimum order quantity for standard stock items.

Will only accept orders for large production runs.

Will provide a quotation for your special "to-print" items.

Limited to standard items only.

We stock top-quality products and our own lower-cost QUEST series — we meet any application and budget.

Limited line — what you see is what you get.
